### PURPOSES OF THE COLLEGE

**T**HE purpose of the College is the well-balanced development of the individual student, to give him or her adequate equipment for life. Every effort is directed toward making possible a continuous physical, mental, moral and spiritual growth, under the best Christian influences; and to encourage and establish habits of promptness, self-reliance and self-control.

*[The College - p8 history]*

### COURSES OF STUDY

There are three main divisions in the administration of the College: the **Junior College**, the **School of Commerce** and the **Conservatory of Music**, with which are allied the Speech and Drama Department and the department of Physical Education.

In the Junior College, which is in affiliation with the University of Alberta, are offered courses covering the first year of university work leading to the degrees of B.A. and B.Sc. in Arts, LL.B., and B.Com.

High School courses are also offered, which follow the regulations of the Department of Education of Alberta. An efficient staff of University graduate instructors, each one a specialist in the subject taught, and a system of supervised study ensures closer attention to the particular needs of each individual student than is possible in the public high schools.

The business and secretarial courses as taught in the School of Commerce are thoroughly practical and modern. While comparatively few of our young people go to Universities, large numbers must be fitted and trained to take their places in the business world.

The Conservatory of Music provides complete courses in Music. Students may take music in connection with their academic, commercial or other studies; or specialize in the courses required by the Toronto Conservatory of Music or the Associated Board of the Royal Academy.

The Department of Speech and Drama aims primarily to discover and train the powers and resources of the student.

thus increasing and developing individuality and distinction. Students may enroll for courses of class lessons or for private lessons. A full curriculum is provided for those who may wish to specialize and secure certificates or a diploma.

Special Cultural and Occupational courses are also provided, and offer opportunities to young people and adults who may wish to gain information in special fields, by taking optional subjects in the various departments. These courses are designed for aesthetic and intellectual development combined with preparation for occupational life.

### **A MESSAGE TO PARENTS**

It is a serious matter to decide upon the college or school to which you will send your son or daughter. School influences, habits and friendships are likely to be life-long. Your affection for your children may well demand your closest scrutiny of the environment to which you will entrust them. Their health, mind, spirit, emotions, morals, happiness and usefulness are all factors in the problem.

The best investment that any young person can make of time and money is to use them in securing a **good education**. But a good education is something more than a knowledge of languages and history and mathematics and other academic subjects, important as these certainly are.

In Mount Royal College students receive a liberal education in all that the term implies—physical, mental and moral development and cultural training. Constant effort is directed to character building and the formation of good habits.

The proper development of your son's or daughter's powers should be your aim and that of the college they attend, rather than the mere completion of a course of study. Give your sons and daughters an opportunity to come to the best in life, and it will be of far greater value to them than a rich legacy of money or property.

Students away from home find in the residential life of Mount Royal College the happy and healthful surroundings that not only make for better advancement in their studies, but leave a lasting influence for good on their personal life and character.

### **BOARDING DEPARTMENT**

We are convinced of the educational value of a properly managed dining room. The household arrangements are under the supervision of Miss Margaret L. Carrick, an experienced

dietitian and a graduate of Macdonald Institute, Guelph. This department is not run on a cheap boarding house plan.

Students and visitors are charged at the rate of 30c. per meal. No meals will be served in students' rooms unless by order of the Dean. An extra charge for attendance is made when students are served meals in their rooms.

In case of serious or contagious illness requiring special attendance, a private nurse will be assigned at the expense of the patient.

### CARE OF HEALTH

The Principal is persuaded that the best progress of the students, individually and collectively, demands that all possible care be taken to safeguard the physical well-being of each one. Each resident student receives careful medical examination, and where physical defects obtain, such as poor eyesight, defective teeth, etc., the parent or guardian is advised of same. These examinations are made by the College physician and other medical specialists, and are a service provided by the College without cost to the students. It is to be understood that they do not include any medical or surgical treatment which may be required.

*We find by experience that the best policy in the case of certain illnesses is for the student to be placed in Hospital*

### LAUNDRY

All resident students are charged a flat rate of \$2.00 per month for laundry service. A reasonable laundry rate will be charged for all extra pieces. Girl students are afforded an opportunity to launder some articles for themselves if they so desire.

All articles requiring to be laundered should be plainly marked with full name. We suggest the use of Carter's indelible ink or Cash's or Sterling name tapes.

DINING HALL

## General Regulations

---

**A**LL students are expected to act in sympathy and cooperation with the Faculty of the College, both in and out of the regular class work, to help to inspire, and to build up a high ideal of refined and cultured life, and to develop a spirit of comradeship which shall make the College a delightful place of residence and the period of College life the happiest and best of the student's whole life. Students must be punctual in their class work and attendance, and persevering in their studies, giving due time and attention to all the work prescribed.

All students whose homes are not in the city, are required to avail themselves of the accommodation of the College for board and rooms. Exception may be made in the case of University students.

A student whose progress, conduct or spirit is out of harmony with the school or whose influence is found to be harmful, is liable to be dropped at any time. **Should a student be dismissed from the school no money will be refunded.**

Resident high school students are permitted, with the consent of the Dean, to visit friends in the City, whose names and addresses have been furnished by their Parents or Guardians. **They are not, however, permitted to remain out of the Residence over night, unless in the company of their parents,** but must return to the College not later than 10 p.m., excepting on Saturday nights and then not later than 11 p.m.

Too frequent week-end visits home on the part of students interfere seriously with the progress of their studies.

Students may not arrive previous to the day of opening, nor leave before the day of closing of term unless a letter asking for special permission has been received by the College from the parents. Without permission granted after receipt of a written request from the parents to the College, students may not remain in residence after the close of a term, nor stay with friends in the city, but are required to take the first train home.

Regularity in attendance and promptness in returning after week-end visits and holidays are so essential that parents are earnestly requested to let nothing but serious illness detain a student at home beyond the time permitted.

When students miss classes after holidays they may be required to make up the lessons missed by special instruction at the regular tutoring rates.

No reduction is allowed or refund made for absence of a student except in cases of serious illness exceeding fourteen days, in which case the loss will be shared equally, starting from the fifteenth day of absence from the College.

Students are not allowed either to discontinue or change subjects in their courses without the consent of the Dean of Faculty.

Reports are issued periodically for each student, containing all necessary information in regard to the student's standing in each subject, with remarks upon their progress and conduct.

Parents may deposit some money in the College office as spending money for students, instead of sending it direct to them. A sum stated by the parent may then be withdrawn by the student once each week. **The College will not advance any money to students who have none on deposit for this purpose; either for spending money or to pay bills for cleaning and pressing of clothing, etc.**

**The use of intoxicants is strictly forbidden.** The Principal reserves the right of asking any student to leave the College who refuses to comply with this rule. In such a case no refund will be made in the term's fees.

While under the care of the College, no student will be permitted to attend any public dance hall.

Students are not allowed to run bills or charge accounts at any Calgary stores.

Students will not be allowed to use the telephone for long distance calls without permission from the Dean, or teacher in charge. Parents or friends wishing to communicate by 'phone to any student should ring M1325 to speak to the Girls' residence or M9226 to speak to the Men's residence. If possible, call only from 8.30 to 9.00 a.m., 1.00 to 1.30 p.m., 4.30 to 5.30 p.m., 7.00 to 8.00 p.m. Do not call the College office to speak with students.

Books and stationery required may be purchased at the College office. The College does not re-purchase books which

students have used, but will take them on consignment for resale at a reasonable commission charge to cover cost of handling.

For the health of students and safety of property, chafing dishes, electric irons or other portable heating appliances cannot be used in the rooms. A place is provided, where, at specified times, they may be used. For any damage done to property, full charge will be made to the responsible one, if known; otherwise a charge is made to the **general caution money fund.**

Evening study periods, except for advanced students, are held in a classroom under the supervision and direction of a teacher.

A CLASS IN PHYSICAL EDUCATION

# Residence for Girls and Young Women

*Girls*  
The ~~women's~~ residence has a southern exposure and provides attractive and homelike accommodation for the ~~young women, and the lady teachers,~~ who with the Dean of Women ~~also~~ reside in this building. Well-kept lawns, with flower beds, shrubbery and shade trees, and recreation rooms with pianos and good furnishings, are features which help to make this a comfortable home.

## ROOMS

The rooms are light and well ventilated, comfortably heated by steam and well furnished. Each room is provided with a large clothes closet, bureau or chiffonier, substantial oak study table, chairs, single beds, woven wire springs. Ostermoor mattresses, pillows, counterpanes, one pair blankets for each student, and white curtains for the windows.

Each room is occupied by two students. Changes of roommates are made whenever it is deemed advisable. Students may occupy a room alone on payment of \$5 per month extra, provided such room is available.

Each room is provided with picture moulding, and students are permitted to bring framed pictures that can be hung from the moulding, but are not allowed to drive tacks or nails into the wall, woodwork or floor, or to paste pictures on the walls.

Breakage and damage to furniture, floors or walls, will be charged against the student or to caution money account.

*Students, Girls*  
~~Students~~ are required to maintain an orderly room *which is*  
~~Rooms are regularly inspected.~~ *daily at 10 am*

~~Rooms are not reserved until after the applications are accepted and will be reserved in order of application.~~

## DRESS AND OUTFIT

Each student should be provided with napkin ring, teaspoon, glass, fruit knife for use when eating fruit in room, clothes and shoe brushes, toilet soap and necessary toilet articles.

Students should also bring (plainly marked with full name):

- |                          |                         |
|--------------------------|-------------------------|
| 4 hand towels            | 3 pillow cases          |
| 2 bath towels            | 2 dresser covers        |
| 4 sheets for single beds | 2 washable laundry bags |

*A Small rug for front chair,*  
A heavy blanket or comforter ~~for the bed~~ and a few couch or sofa cushions are desirable.

## Residence for Boys and Young Men

---

THE College residence gives opportunity for the most important part of our educational work. The work of character education and the development of personality are encouraged by the contact with teachers and students, the association and community life, where the boys meet one another upon a basis of equality and the consideration of the needs and rights of one another.

*The residence is under the care of a competent Supervisor who is a companion to the young men.*  
The men teachers all reside in the Men's residence and it is under the care and direction of the Dean of Men.

Ample provision is made for physical exercise and sports of all kinds. Physical training is compulsory for all students except the physically unfit, and is counted as a subject in the curriculum. There are plenty of shower baths, with an ample supply of hot water at all times. Mewata Park, across the street from the men's residence, is available for all outdoor games and track athletics. In the winter time arrangements are made with one of the near-by rinks for skating and hockey.

### ROOMS

The rooms are bright and airy, many of them with a good view along the length of the Bow River, with the mountains in the distance.

Each room is occupied by two students, and there is plenty of closet space, and everything needed for the comfort and convenience of the occupants. The furnishings are the

same as those provided for the rooms in the Girls' residence. A charge of \$5.00 per month extra is made if a student wishes to occupy a room alone, provided such room is available; but most students prefer to share a room with a suitable roommate.

Each room is provided with picture moulding, as in the Girls' residence, and students may hang pictures, banners, etc. from the moulding, but must not drive tacks or nails into the wall or woodwork or paste pictures on the walls.

*Rooms are assigned (same as under Girls)*  
 Students are assigned their rooms by the Dean and are not allowed to change without permission. Occupants of rooms are responsible for keeping them in order and preventing damage to the rooms or furniture.

Breakage and damage to property is charged against the student responsible for same, or to caution money account.

*The College supplies - pillows, counterpanes, one pair blankets*  
*for the* Students should be provided with bed linen and towels, plainly marked with their full name. The following quantities are suggested:

- |                          |                                |
|--------------------------|--------------------------------|
| 4 hand towels            | 2 washable laundry bags.       |
| 2 bath towels            | 2 dresser covers               |
| 3 pillow cases           | A couch cover or heavy blanket |
| 4 sheets for single beds | is desirable.                  |

Each student should also bring a napkin ring, teaspoon and glass for use in room, clothes and shoe brushes, toilet soap and necessary toilet articles.

*all boys*  
~~Students~~ are required to make their beds each morning & maintain an orderly room which is inspected at 10 a.m. daily

*The College supplies pillows, counterpanes, one pair blankets but each student is required to provide bed linen, and towels plainly marked with full name. The same as set forth in the section entitled "Dress & Outfit" under the Girls Residence*

## Students' Activities

---

THE students' activities constitute a very vital part of the life of the College. The athletic activities include rugby, baseball, basketball, tennis, badminton, swimming, hikes, hockey, skating, indoor baseball and work in the gymnasium. There are also literary and debating societies, the social activities, parties and entertainments, the College weekly paper, the Students' Christian Movement, Inter- varsity Christian Fellowship, French Club and Dramatic Club.

There is a well organized Students' Union under direction of the Students' Council, members of which are elected to represent all departments of the College.

These various activities afford a healthy and happy relaxation from the more exacting work of the class rooms and lecture rooms, and possess high educational value.

There are two college libraries: one, to which all students have access, is provided with a well selected assortment of the best books of fiction, history, biography, travel, nature study, etc., together with a supply of encyclopaedias and books of reference. There is also a library and reading room to meet the requirements of the Junior College.

## Religious Education

---

IT is no unkind criticism of the public schools of our country to say that they do not and cannot provide the Christian instruction and training necessary as a foundation for the Christian life and character of their pupils.

The work of religious education is very strongly and definitely emphasized in Mount Royal College. Bible study classes and daily chapel all have their influence on this important matter.

Courses conducted by the Principal on conduct and character building covering such subjects as self control, kindness, self reliance, good health, sportsmanship, duty, reliability, truth, teamwork, loyalty, etc., are among the means employed for the development of Christian character.

## Mount Royal Junior College

---

**M**OUNT ROYAL COLLEGE has been affiliated with the University of Alberta as a Junior College by authority of the Senate since 1931, and is the only Junior College established in the Province of Alberta.

The Junior College meets a growing local demand for higher education. It has been developed to satisfy the educational needs of young men and young women who desire work beyond that offered in the high school.

To students living in or near the same city as the Junior College, the financial advantage is obvious, in the saving of boarding fees, railway fares, etc.

The first year at University is an especially critical one because of the transition from home influence to complete self-direction and the change from high school teaching to university lectures. The Junior College makes this transition easier.

Students are given opportunity and encouragement to develop, on account of relatively small enrolment which affords closer contact between students and instructors, and makes possible more attention to the individual students' needs.

There is opportunity for the development of leadership, because of general participation not only in the work of the classrooms but in the general student life of the College. The various student organizations call forth responsibilities of management and initiative from practically every student enrolled.

To students who are looking forward to securing a university degree the Junior College affords an opportunity to complete their first year without the necessity of leaving their own homes or going far from their own communities.

To those who are preparing to enter more directly into modern life, the Junior College serves a useful purpose as a finishing school, where they may receive one or two more years of higher education.

---

## LABORATORIES

Completely modern and very adequate laboratory facilities have been provided for work in the sciences.

## LIBRARY

A library thoroughly adequate for the requirements of a Junior College was selected with the assistance and sanction of the University of Alberta, and has been augmented each year by the purchase of such additional books as have been recommended or required for the use of the faculty and students. The Carnegie Corporation of New York has made generous contributions for the purchase of books.

## UNIVERSITY COURSES

The courses offered this year, leading to the degrees of B.A. or B. Sc. in Arts or LL.B. are as follows:

Division A	Division B	Division C
Languages and Literature	History, Philosophy and Political Economy	Mathematics and Natural Sciences
English 2	History 2	Mathematics 40
French 2	Political Economy 1	Mathematics 42
German 1	Philosophy 2	Physics 5
Latin 2-4		Physics 7
Greek 1		Physics 21
		Chemistry 40
		Chemistry 1

Students taking courses leading to the degree of B.A. are required to take two courses from Division A, one course from Division B, one course from Division C and one optional course.

Those taking the general courses leading to the degree of B. Sc. in Arts are required to take one course from Division A, one course from Division B and three courses in Division C.

Students wishing to proceed for the degree of LL.B. will take the first year of the regular B.A. course.

## B.COM. COURSE

Students taking courses leading to the degree of B.Com. are required to take the following:

Accounting 1	Political Economy 1
English 2	Political Economy 10 (second half)
Mathematics 42	A Modern Language

Entrance into second year B.Com. is contingent on the student passing all courses with a general average of 60%.

All students in first year University are required to take Physical Education. Exemption from physical education will be granted to students who: (1) are married; (3) are twenty-five years of age; (3) have a normal school certificate for physical education. Application for exemption must be made at the office of the Registrar.

## DETAILS OF COURSES

### Chemistry 1

GENERAL CHEMISTRY. 3 hrs. lect., 3 hrs. lab.

Lectures: A systematic study of common non-metallic elements; a few typical metallic elements; the more important compounds of each; fundamental laws and theories.

Laboratory: Experiments illustrative of the principles discussed in lectures.

Text-book: *Introduction to College Chemistry*, Briscoe.

### Chemistry 40

INORGANIC CHEMISTRY. 2 hrs lect., 6 hrs. lab.

Lectures: Chemistry of the metals and their compounds. Principles of qualitative and quantitative analysis.

Laboratory: (a) Qualitative inorganic analysis. 3 hrs.  
(b) Quantitative inorganic analysis. 3 hrs.

Text-books: *Theoretical and Inorganic Chemistry*, Philbreck and Holmyard; *Analytical Chemistry*, Ware.

*Notes in Quantitative Analysis.*

Prerequisite: Chem. 1 or complete Grade XII. Chemistry.

### English 2

GENERAL READING COURSE IN ENGLISH POETRY AND PROSE 3 hrs.

Lectures and Class Discussion.

Broadus and Gordon, *English Prose from Bacon to Hardy* (Oxford Press); Broadus, *The Story of English Literature* (Macmillan); Grierson and Dixon, *The English Parnassus* (Oxford Press); Shakespeare, *Twelfth Night*.

*Third Year Latin* (Wedek: D. C. Heath and Co.).

Sight translation.

*Latin Prose Composition* (Pilsbury: Oxford).

## Mathematics 40

CALCULUS AND PLANE ANALYTICAL GEOMETRY. 3 hrs. lect., 2 hrs. lab.  
Calculus; related topics in plane analytical geometry and algebra; applications.

Text-book: Neelley and Tracey, "*Differential and Integral Calculus*" (Macmillan).

Prerequisite: Algebra 3 and Trigonometry.

## Mathematics 42

STATISTICS.

3 hrs. lect., 3 hrs. lab.

(a) Graphs, tables, functions. (b) Frequency distributions, averages, dispersion, trend lines. (c) Moments, normal law, regression, simple correlation, multiple correlation, applications to data in various fields.

Text-book: *Yule and Kendall*.

Reference books: *Thurston, Mills, Camp*.

Prerequisites: Algebra 3 and Trigonometry.

**Philosophy 2**

INTRODUCTION TO GENERAL PSYCHOLOGY AND TO LOGIC. 3 hrs.

**Physics 5**

ELEMENTARY PHYSICS. 3 hrs. lect., 2 hrs. lab.

Mechanics, properties of matter, heat, sound, light, magnetism and electricity treated in a descriptive manner. Illustrated by experiments.

For students in first year B.A.

**Physics 7**

PRINCIPLES OF ELEMENTARY PHYSICS. 3 hrs. lect., 2 hrs. lab.

The principles of mechanics, properties of matter, heat, sound, light, magnetism and electricity. Illustrated by experiments.

For students in first year B.Sc. in Arts.

**Physics 21**

PROPERTIES OF MATTER, HEAT, LIGHT AND SOUND. 3 hrs lect., 2 hrs. lab.

Illustrated by experiments.

Text-book: *Text-book of Physics*, Duncan and Starling.

Reference Books: *College Physics*, Kimball; *Heat for Students*, Edser;

## High School

**I**N this department work is carried on according to the regulations of the Department of Education of Alberta, in the three high school grades to the completion of Senior Matriculation.

The college year for students taking these courses begins in September and ends immediately after the examinations in June, with the usual vacations at Christmas and Easter.

### LIST OF COURSES

The courses offered are designed to afford students credit in those units which will give matriculation standing for either Normal Entrance or for admission to any faculty of the University.

#### Grade X.

##### Compulsory Subjects:

English 1, Social Studies 1, Health and Physical Education 1.

**Electives**, to make a total of 35 credits, to be chosen from the following:

Algebra 1, Physics 1, Latin 1, French 1, German 1, Dramatics 1, Music 1, Art 1, General Mathematics 1, General Science 1, Biology 1, Geology 1, Typewriting 1a.

#### Grade XI.

##### Compulsory Subjects:

English 2, Social Studies 2.

**Electives**, to make a total of 35 credits, to be chosen from:

- (a) two electives of Grade X. not previously taken.
- (b) Geometry 1, Chemistry 1, Latin 2, French 2, German 2, Commercial Law 1, Sociology and Psychology 1, General Mathematics 2, General Science 2.

#### Grade XII.

English 3, Social Studies 3, Algebra 2, Geometry 2 and Trigonometry, Physics 2, Chemistry 2, Biology 2, French 3, Latin 3.

## **Summer School for Supplementary Examinations**

Classes are held during August for students who may have failed to pass in some of their Grade XII. units, and who wish to write the supplemental examinations..

Special intensive coaching is given in each subject from the time the June examination results are out until the supplemental examination is held for the subject taken.

Tuition fees are \$10.00 for each unit, and the respective classes are held for an hour a day, six days each week for a period of about three weeks. Students from out of town may board at the college if they wish to do so.

## Special Cultural and Occupational Courses

These new courses were inaugurated to provide cultural combined with practical training for both rural and urban students. They are for young people and for adults who may wish to gain information in special fields, not for University recognition, but for intellectual and aesthetic development and for practical knowledge to fit them for the wise use and richer enjoyment of leisure time.

With this end in view these courses have been made available, to furnish the required cultural training combined with practical attainments that may be put to profitable use. They combine the cultivation and training of the emotions and the intellect, with useful knowledge in preparation for occupational life.

These courses of study have been variously termed Citizenship, Leadership and Life Courses: they are designed to assist the students, in our present rapidly changing civilization, not only to become better citizens, but to prepare them for a more happy and contented life and for community service and leadership.

There are no matriculation requirements for entrance on these courses, although a few years of high school training are a desirable pre-requisite. Students have a wide choice of subjects, and the courses are covered in sessions of from six to nine months.

Certificates are granted at the satisfactory completion of the course. Diplomas are awarded to students with junior matriculation standing at the conclusion of the sessions.

## School of Commerce

Director—Robt. Purves, B. Com.

---

**M**OUNT ROYAL COLLEGE SCHOOL OF COMMERCE exists to serve young men and young women who have brains, energy and the ambition to succeed in life, and who realize that thorough preparation is essential to success.

The courses are designed to give the student a practical business education. Instructors are capable and experienced, and they are ready and willing to co-operate with the student at all times and to give that individual attention which is hardly possible in the ordinary business college or commercial school, and which is so necessary if the student is to obtain the fullest possible benefit from the course.

The students in our School of Commerce are under the same careful supervision and in the same intimate association with the members of our staff and faculty, and enjoy the same advantages, as the academic and other students.

Our School of Commerce issues a special prospectus called "Planning Your Future."

It describes the opportunities in the business world, and explains how our courses prepare young people for attractive starting positions where opportunities for advancement may be found. It shows how the high school or university graduate can capitalize previous education, and how our free Employment Department helps to place graduates in good positions.

If you are interested, send for a copy of this booklet, which will be mailed to you without charge.

▲ Creative English. The study of these subjects, with experience in the oral presentation of ideas, makes for breadth of mind, an attractive, forceful individuality, and an increase of mental alertness, resourcefulness and capacity, in social, business and professional life. They also meet the needs of those who desire success on the stage, the radio and the platform.

## SPEECH

Students are taught the basic principles of effective audience speaking, and obtain a thorough knowledge of how to find, select and arrange material. There is frequent practical experience of giving short talks before the class group. No "flowery oratory" or "arm waving" will be encouraged. The work is designed to meet the needs of people who wish to be able to organize thoughts while presenting them orally, and to move their hearers to accept their ideas.

IV brains energy and the ambition to engage in life and Students participate in both the Alberta and Dominion Dramatic Festivals.

## **INTERPRETIVE READING**

The oral delivery, in an audience situation, of fine passages memorized from good literature has a high educative value. Oral interpretation secures unique and worth-while outcomes which are obtainable in no other way.

## **CREATIVE ENGLISH**

Single conferences, criticism, editing, discussion groups, and class and private lessons are offered. Any literary form may be included; but lectures, orations, essays, sketches, short stories, and plays get most emphasis.

## **BASIC REQUIREMENTS**

In all audience speaking the performer's voice should function normally, be capable of magnification to fill the auditorium, and be attractive. Deficiencies in this respect are remedied by a course of class or private voice lessons. Posture, carriage and gesture are equally important. The actor, speaker or reader should have a normal, graceful, easy and unaffected bearing. A course of corrective physical exercises takes care of this. Every organ and function of the body is energized and stimulated to a normal activity. Ease, grace, endurance, and personality appeal are increased, and a feeling of poise, confidence, and well-being results. These studies will be required of all enrolled for a diploma or certificate in this department.

## **CLASS AND PRIVATE LESSONS**

The value of class lessons is not always appreciated. In personality improvement they play a very important part; and to those who aspire to appear before formal audiences they are indispensable.

Private lessons may begin at any time, and may be taken as frequently as is deemed advisable, in courses, or in single individual conferences for advice, coaching, rehearsal, etc. The instruction is so intensive that even a short private period once a week will give the average student a satisfying progress.

### **CERTIFICATES AND DIPLOMAS**

A certificate for proficiency in any one of the four main divisions of the work in this department will be issued to any student who satisfactorily completes the required courses in that division. A diploma for proficiency in Speech and Drama will be awarded to any student who has passed the Normal Entrance or Junior Matriculation departmental examinations, and completed the required courses in the three of the four divisions of the work in this department.

**C**ONVENIENTLY located in a beautiful part of the city of Calgary, the Mount Royal College Conservatory possesses a splendid equipment and ample facilities for both resident and day students.

The aim and hope of the Conservatory since its inception has been to establish a school of Music where a faculty of distinction will be centered and where the artistic results achieved may be a credit to the Institution, the City and Province.

The following are the Departments of Instruction, from Primary to Advanced Grades; Pianoforte, Singing, Violin and other stringed instruments, the Organ, Cornet and other orchestral instruments; Theory of Music, Composition, Harmony, Counterpoint, Form, Fugue, Orchestration, Choral and Orchestral Conducting and Musical History. These subjects are taught by a thoroughly competent staff, under the direction of Mr. P. L. Newcombe.

Students at the Conservatory have certain **free** advantages. Included in these are classes in Elementary Theory and History, and other relevant subjects, which are held at stated periods. Students greatly enhance their general knowledge and appreciation of the Musical Art by taking advantage of these classes.

Students' Recitals are held monthly during the Winter. These Recitals serve a two-fold purpose — stimulating the pupils to increased effort, and providing the opportunity to acquire the confidence and ease necessary to appear before an audience. The Annual Recital of advanced pupils held towards the close of the College year sets such a high standard of excellence that it has become a marked event in musical circles in Calgary.

Practice Studios are provided for the pupils in residence, or for non-resident pupils when desired. Pupils have the sole use of their assigned studio for a stated time each day, where they may practice undisturbed and under proper supervision.

Students so desiring are prepared for the examinations of the Toronto Conservatory of Music, or for the examinations of the Associated Board of the Royal Academy.

Special features of the Conservatory are the Violin and Spanish and Hawaiian Guitar classes under the direction of Jascha Galperin and Earle Ruttan. Instruments are furnished for the pupils free of charge. About two hundred are enrolled in these classes.

The Junior Symphony Orchestra, directed by Jascha Galperin, and composed of members of the above classes, received very high marks and special commendation at the recent Alberta Musical Festival.
