Since 1910 Mount Royal College has been one of the leading Educational Institutions of Calgary. Twenty-one years later, in 1931, it became a Junior College, affiliated with the University of Alberta. Hon. Vincent Massey designed the crest, on which is inscribed our motto:
"Quam bene non Quantum"—"Quality rather than Quantity".

Foreword

By DR. JOHN H. GARDEN, *Principal*

This has been a year of great significance in the life and work of Mount Royal Junior College. In the pages of this Yearbook are recorded some of the interesting things that have taken place. These are preserved to foster lasting memories of our College days together. We have had the high honour of working and studying with many students who will bear the responsibility of leadership in the post war world. We have been inspired by the attendance of so many who have served in the struggle for freedom, and are pleased with their interest in and application to the principles of peace. Students, if you are to make the New World a reality, if you are to merit the trust and confidence that has been placed in you, if you are to justify the privilege of college training, you must demonstrate your ability to think clearly in the confused conditions of today, you must accept responsibility, impart courage, stand for the right, and seek righteousness in every area of life.

We shall follow your progress and careers with deep interest. Your success will be our joy, and wherever you may go, your principal's best wishes will go with you. Mount Royal College will be happy to share a place in your memory.

Editorial

All good things must come to an end, even our good old M.R.C. days. Some of us may return, but for the most part we are going into the world with our lovely dreams of fame and fortune. Few of these may be realized for dreams seldom are, but we shall be better men and women for the glimpse of the vision that we have caught.

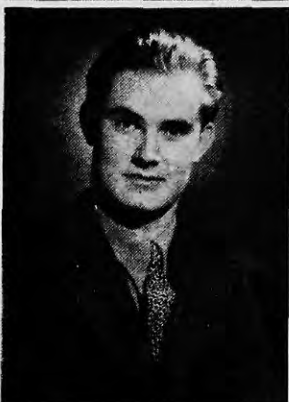

But we shall not remember Mount Royal for only serious things. We shall remember "the tacks that we've sat on", the front steps spilling kids all over the place at recess, coffee for at least two and often a dozen at Gus'. Who can ever forget the beautiful models at the Easter Fashion Parade or the night that we realized that our beloved faculty was more than human? I'm surprised that they haven't found a sponsor for their "show" yet.

I wonder whether the friendly walls of M.R.C. will miss us when we've gone. Perhaps if we came back in ten years to the old familiar rooms we'd almost hear them say, "Hello, we're glad to see you back." It would be nice to think so for we will leave a part of us behind when we have gone. It hurts to leave something behind, but we are going out into the world to realize our glorious dreams.

SYBIL JOHNSTON,
Editor.

Valedictory

By MALCOLM BLACKBURN

FOR more than half a hundred students, this marks the end of our first University year. To those of us who have come directly from High School, it marks the beginning of a new phase in our lives. It means the first great step up the well-known path labelled "Success". And to the others, the "ex-operational types", it means a return to that which they sacrificed freely, in order to "do their bit". You may not believe it, and perhaps a lot of us wouldn't admit it, but we younger ones looked up to you, and you responded wonderfully. No doubt there were times when you could have cheerfully wrung our necks for some of the things we did, but you always took it the right way, and, in some cases, originated a few bright ideas of your own.

Then, too, we are leaving Mount Royal College. If there were a special room where all the memories of the college were stored, I've no doubt but that it would be filled to overflowing this year. I do not think that there is a room or corridor in the building that hasn't its own share of recollections. It always amazed me how the High School students (and some University students I could mention) seemed to get along together so well in the rather dark halls downstairs. If some of those old walls were able to talk, they might have some interesting stories to tell.

And then, the teachers—I don't believe there ever was an institution where the teachers were so much like students. A stranger coming into one of our dances and seeing a certain skit that was put on there, wouldn't have believed that the little guy on the stage with his pants rolled up and a bottle sticking out of his hip pocket, was an English teacher; or the fellow who stood up and sang so charmingly to the great delight of many students, actually taught Latin and Greek; and I know of a specific instance near the first of the term, where one of the teachers (and it could be in the Commercial department) was whistled at in the halls.

No Valedictory at Mount Royal College would be complete without some mention of Gus. Gus is as much a part of the College as the College itself, and I think it should be incorporated into the new College when it is built. Perhaps then the students could get back from Gus's in time to attend Assembly, and save Mr. Kelly his 10:30 round-up.

Lastly, this year has shown us what we have to look forward to in following years. Ahead lie many, many hundreds of days of hard work and countless more nights of gruelling study and despair. At the end is the achievement, the goal towards which we are striving. It seems a long way off to us now, but I think that our hopes are best echoed in the old song, "Keep right on to the End of the Road". May our contributions be worthwhile.

**TO THE GRADUATING CLASS**

You, whose hearts possess a dream,
 You, whose vision still is true,
 Will you catch the luring gleam?
 Will you build the world anew?

Vain are all the tools of war,
 Vain the boastings of success,
 These the things you battle for:
 Faith, and Truth, and Righteousness.

Let who will despise your youth.
 Let them trail your words in dust.
 You shall conquer with the truth;
 In your vision be your trust.

You whose hearts possess a dream,
 God is good, His work is true.
 Follow, follow still the gleam
 'Till the world is built anew.

The Super Secretary . . .

IS PLEASANT
EVEN UNDER STRAIN

More executives hire secretaries for pleasant dispositions than for good looks. As one of them put it: "I need a secretary with an even disposition . . . one who can stay cheerful even when I get grouchy, work piles up, and everything else goes wrong."

NEVER SULKS IN HER TENT

In the office you have just one mood—fair and sunny—you wear it no matter how you feel. You have a sense of humor that shrugs off minor irritations. You cultivate a pleasant manner and a friendly smile which you use for everyone, regardless of rank. And very early in your career you learn the advantages of tact.

KNOWS THAT SILENCE IS GOLDEN

You keep the office quiet—shut doors softly—speak in a low voice.

And as an executive's secretary you are more and more likely to adopt a typewriter superb in printwork and QUIET in its performance.

That is why she always chooses **The Remington Typewriter** with the swift, quiet action and easy touch. A Super-Secretary is at her best when she has a fine machine.

The Conservatory of Music

The Toronto Conservatory of Music

Director:

CYRIL S. MOSSOP, A.T.C.M., L.T.C.L.

During the year 1945-46 Mount Royal College Conservatory of Music has widened its sphere of influence and attracted students from all parts of Alberta, with some students coming even from points in British Columbia and Saskatchewan. The Conservatory has enjoyed a most successful season, due in large measure to the outstanding faculty of distinguished musicians and to the Director, Mr. Cyril Mossop. The enrollment of new students has been exceptionally large, which in itself speaks well for the high standard of training given at the Conservatory. In fact, Mount Royal College offers facilities for music students equal to those of the leading institutions of Eastern Canada and the United States.

Students are prepared for the examinations of the Toronto Conservatory of Music; the Associated Board of the Royal Academy and Royal College of London, England; and also for the Western Board music examinations, affiliated with the University of Alberta. Many students enter for both the local and Provincial Musical Festivals. During the recently held Calgary Musical Festival, many Mount Royal students gained high marks and commendation from the adjudicators, Dr. Charles Peaker of the Toronto Conservatory of Music, and Miss Ethel Kinley, music supervisor of the Winnipeg schools.

The Mount Royal College Symphony Orchestra, under the able and expert direction of Clayton Hare, has achieved the standard of many professional orchestras. During the current season the enthusiastic members of this fine orchestra have attempted and successfully played exacting compositions such as Smetana's "On the Moldau" and Elgar's extremely difficult "Introduction and Allegro" for strings. It is hoped that, starting next year, season tickets will be offered for a series of four or perhaps five Symphony concerts during the season. Talented advanced students of the Conservatory are given the opportunity of appearing as soloists with the orchestra at various concerts.

The Mount Royal College Junior Orchestra, also directed by Clayton Hare, has made great strides during the past season, both in regard to size and accomplishments. Besides giving afternoon concerts at no less than five of Calgary's public schools, they also gave two very successful public performances, and gained high praise at the Musical Festival. This orchestra, which rehearses once a week, affords a very valuable means of training younger students in orchestral technique and ensemble playing.

The immense value of ensemble playing cannot be overstressed; it contributes substantially to any student's practical musicianship, developing a keener eye, ear and general co-ordination.

Among the many attractive features of great benefit to the music student at the Conservatory, are the frequent concerts and recitals that are given during the year in the College Auditorium. Important works of the great masters, instrumental, vocal and ensemble are performed by students and professional musicians. These concerts and recitals are a real advantage to the student as he has the opportunity of hearing and becoming acquainted with many musical works, as well as the important experiences of performing himself. Students from all grades are permitted to perform at special Students' Recitals, and these are of inestimable benefit, giving an incentive to greater effort on the part of the student and also affording an opportunity of developing self-confidence, essential for a good performance.

All possible provision is made for students, especially those studying piano, to gain experience in ensemble playing. The periodic Students' Chamber Music Concerts feature Violin and Piano Sonatas, Piano duets, Trios and String Quartettes.

The Faculty also give a number of Chamber Music Recitals which have become increasingly popular with the general public. During the past season five excellent and varied programmes were given at which two visiting artists were invited to assist. These Chamber Music Recitals make an important contribution to the musical life of Calgary and the public have attended in large numbers to hear the works of the lesser known composers as well as the masterpieces of the great.

Special Theory classes are conducted by Mr. Leonard Leacock, for which there is a small charge. Aural training classes are conducted by Mr. Cyril S. Mossop, for which there is no charge to the student.

The following comprise the personnel of the Conservatory's teaching staff:

Speech and Drama

The Speech and Drama Department of Mount Royal College has had a busy and successful year. The chief dramatic effort of the group was the presentation of two one-act plays at the Christmas concert. These plays were "*Elmer*", and "*Our Dream House*" by Allan Fraser. Those taking part were: Allan Kerr, Grace Madge, Myrtle Hanson, Hilda Hanen, Audrey Spencer, Thelma Gordon, Blake Lilly, Donald King, Fay Clapstone, Ken Korek, Howard Giles, Florence Bell, Lucille Horspool, Wanda Dunkley, Francis Chaplin.

These plays were directed by Leona F. Paterson and Peggy McGannon.

A one-act play "*Maestro*", by Elsie Park Gowan, was directed by Mr. O. Kelly and included the following cast: Patric Murray, Jim Reddon, Glenn Stuart, Irene Cowburn, Bert Toshach, Irene Van Duzee, Newell Russell, Conrad Ioanides.

The enumeration of our dramatic activities would not be complete without mention of the

noble efforts put forth by certain members of the staff in a farce-skit presented at the staff-student dance. This dance followed a theatre party attended by members of the drama club.

A recital by the speech students of Leona Flegal Paterson and Wanda Dunkley was held on Saturday, April 6, 1946, in the College auditorium. Readings were given by a number of students at the various student recitals which were held throughout the winter term.

Thirty-three students of the department have registered for mid-term examinations in the Toronto Conservatory of Music speech department, and of the eleven students taking theory examination in February 1946, all were successful.

In June, Mrs. Clara Salisbury Baker, head of the Speech Department of the Toronto Conservatory of Music, will be in Calgary for a short-term course in Shakespearean speech and acting, which should prove of great value to all dramatic students.

Art Department

Now in its third year, the Art Department shows signs of leaving its infancy behind. It has outgrown Room 7! To accommodate the larger enrollment easels are set up in Room 6. Mrs. Mirian Moore, A.R.D.S., A.A.S.A., is the Director.

This year, the most popular class is the Life Class. A variety of models, studied for quick poses, portrait, figure, and fashion design, created much interest. Outstanding in this group is Betty McLennan with her pastel portraits, Yvonne Muysenberg with her figure drawings and Gordon Johnston's quick sketches.

In the Still Life Class and in Animal Drawing, Betty Millard shows exceptional promise. James Nelson and Genevieve Bradley have lively imaginative qualities for illustration. Gary

Simoleia, aged seven, is our "temperamental artist" and has very decided viewpoints. The Barnes sisters, Betty and Marilyn show a preference for drawing toys in oil crayon.

Landscape has its supporters too. During the warm spring days the whole class enjoys beauty spots and animal studies at St. George's Island. It appeals most to Bernice Wilkinson with her oils, Sheila Boyes with water color, Betty Goodall and Margaret Standen with charcoal, pencil or water color.

Our two married students, Mrs. Lockhart and Mrs. Neatby, have had no previous instruction but are showing marked improvement.

Work by these students and others will be on exhibit during the summer.

Social Highlights

by Mary Wardle

I think we can safely report that our year at Mount Royal has been very successful, at least from a social point of view. Our get-togethers have been first-rate affairs and the students have responded wholeheartedly.

RECEPTION AND DANCE

Our first "mingling of the masses" came early in the year when a reception was held for the students and their parents. The object of this gathering was to meet Mr. Garden, Mrs. Bell, the teaching staff and our fellow sufferers for the coming year. The evening was a little tense at first but soon we began to remember a face here and there and when we departed it was with the feeling that our coming year wasn't going to be too bad after all.

SADIE HAWKINS

*"Oh come all ye Sadies and capture your Joes,
That's how the cry of Sadie Hawkin's Day
goes."*

Yes indeed, Sadie Hawkin's day brought about a revolution in dating data. The race in the morning proved not to be a test of speed, but of who could stay in a tree the longest withing having a limb break and deposit you into the arms of your female pursuer. The boys did not regret being captured however, as the girls proved that they could handle a date. Shows and dining out were the order of the evening, after which many gathered in the Auditorium to dance to jive on discs. Prizes were given for statue dances and lunch was served.

BASKETBALL DANCE

Often dances on the spur-of-the-moment so to speak are a lot of fun. Such was the case of the next party, which, because of lack of a sponsor, we called a "Basketball Dance". Good music kept us happy though many a gal went stag, and high spirits were common to all.

LITTLE RED SCHOOL HOUSE

The Little Red School House (High School to you) threw the next hop. Again we were indebted to our everlasting friend, the P. A. System, for our music. The walls were tastefully decorated with such mottoes as "Ken loves Gert" and, to our amazement, it was discovered that our most promising grade one students, Jimmy Barber, Enos Toshach, and Hecky Smith, were being forced to stay after school again. Waltz and Jive Contests were high lights of the evening.

CHRISTMAS DINNER

Here we take time out to tell you about our Christmas dinner which was one of the big events of the year for the resident students. We paused to give thanks to God for the right

once more to celebrate Christmas in a world no longer at war. As Mr. Garden said grace, many of us thought of those less fortunate, in European countries, and our silent prayer was that next year perhaps these same people will be able to join with us in the joy and bounty of the Christmas Season. Each table was appropriately decorated by the students. First prize went to the table occupied by James Barber, Viola MacKenzie, Newton Pierce, Barbara Hay, Jack Colpitts, Shirley Jackson, Ted Gee and Betty Robertson. The second prize was captured by Florence Bell, Lucille Horspool, Ann Lee, Vivien Karras, Francis Chaplin, Gerald Alderson and Jack McKay.

HAPPY NEW YEAR

Our New Year's Formal was held on January 11th and was truly a gala event. Several ex-students attended and gave the party the air of "Old Home Night". Some of the evening dresses were "out of this world" and gay colors made their debut in party circles. The evening was enjoyably spent dancing to the music of the Rhythm Makers and lunch was served during intermission.

'VARSITY HOP

Late in February the 'Varsity Class sponsored a dance which turned out to be rather an exclusive affair. The school spirit seemed to wend its way to Penley's instead of the school Auditorium, but those of us who did attend spent a very lively evening. Hector Smith filled the bill as master of ceremonies and lucky people, Wilda Bussey and Bob Payne, won musical quiz contests and carried away some dandy discs.

DONNYBROOK BALL

*"Come one, come all,
To the Donnybrook ball."*

Yours truly was more than delighted with the overwhelming crowd at the St. Patrick's Party sponsored by the Faculty. Everyone thoroughly enjoyed themselves and the teachers—bless their hearts—presented some hilarious skits and stunts. Mrs. Moore and Mrs. Bell were award winners for their charming presentations of two Irish Scrub Women in the skit, and Mr. Neatbee carried away top male honors for his "Virginia O'Brien" rendition of a lovely old song. Miss Shirley Smith took us to Eire when she danced an Irish Jig accompanied on the Bag Pipes by Hector Smith. The decorations, which must have taken some poor teacher away from Detention Class, vanished after supper as souvenir seeking students stuffed pigs and shamrocks into their pockets for their respective scrap books. Lovely evening, happy crowd, fine food; thank heaven for the Irish.

Sports & Clubs

Sports

SPORTS REPRESENTATIVES

Early in the term separate meetings of boys and girls were held to elect sports representatives. Tom Rowan was chosen to fill this position by the boys and Audrey Phay by the girls. Both have carried out their duties in a splendid manner. Tom has given excellent leadership in promoting hockey and has been captain of the boys' softball team. Audrey did much to promote girls' basketball and has arranged all the girls' softball practices. Both have worked hard at organizing practices for the field day. Next year's students will have a difficult task in replacing these two sports representatives on the students council.

SPORTS AFTERNOONS

Athletics got under way at Mount Royal College with a number of sports afternoons. These were held on Fridays at Mewata Stadium and in the gym, featuring softball and rugby in the fall months and badminton in the winter. These gave us an opportunity to become acquainted with other sports minded students and we hope they will be revived next term.

BOWLING

The big sports club of the college as far as members went was the bowling league which attracted some hundred members.

Bowling was held on alternate Mondays and Tuesdays, the scene being the Broadway Alleys. President of the club was Ray LePage with Joyce Lancaster as secretary. Captains were Jim Phelan, Stan Donily, Bill Annett, Tom Rowan, Bruce Sheasby, Chris Lauson, Jim Barber, Bill Tynan, Jerry Lewis, Dorothy Lonvick, Lorraine Northey and Jean Edgar.

An individual-average contest was held before Christmas, with Joyce Lancaster and Jean Edgar (tied) winning for the girls, and Stan Donily for the boys. After Christmas the attendance lessened, eight alleys being used and finally four. The club owed much of its success to its hard-working president and secretary. It should be a popular feature of next year's sports programme.

BADMINTON

One of the most popular sports at the college this term was badminton. Any morning, afternoon or evening you could find the bird being chased wildly around the gym as university or high school students battled out a game of singles or doubles. Among those who played

most regularly were Malcolm Blackburn, Ron White, Bill Mulloy, Ralph Hay, Ken Watson, Jim Young and Frank Roseborough. In the singles tournament held to wind up the season the winner of the men's division was Frank Roseborough. Runner-up was Harold Knapp. In the girl's division the winner was Helen Thomson, with Marjorie Cuncannon as runner-up.

DANCING CLUB

It may be that dancing is not a sport, but since it will probably not be mentioned elsewhere in these pages, we feel that the dancing club should receive attention here. Organized at the beginning of the term, with Jim Barber as president and Wilda Bussey as "Chief Mixer", it gave many students an opportunity to learn the steps peculiar to M.R.C. and to meet their fellow dancing fans. Although it had only a short life, we feel that the dancing club played a valuable part in helping us to get to know each other, and we would like to see it re-organized next year.

HOCKEY

The boys turned out regularly for pre-season training under careful guidance of Mr. Kelly. As soon as ice was available, we took to our skates and much enjoyment was had by all the members of the team. Mr. Salt took over coaching duties and proved to be an excellent and hard-working mentor. The end of the season found the boys anxious for more games, but lack of sticks and the inability to get into an organized league were hard obstacles to overcome. One out-of-town game with Turner Valley was a real success and the team received an invitation for a return game. The ice broke up, however, and this game had to be cancelled. Scores of the games played were:

Technical School, 9—M.R.C., 4.

Technical School, 6—M.R.C., 2.

Hillhurst, 2—M.R.C., 8.

Juvenile Buffaloes, 6—M.C.R., 4.

Hillhurst, 2—M.R.C., 6.

Canmore, 5—M.R.C., 3.

Turner Valley, 6—M.R.C., 7.

Players were: Stan Fuller, Bill Graham, Jack Colpitts, Howard Poole, Art McRobbie, Tom Rowan, Bruce Bobyk, Ernie Gare, Gordon McLeod, Dave Buchanon, Jim Young, Chris Lauson, Morley Wilson, Roy Whitney, Melvin Kernahan, Bill Karr.

Sports - continued

SKATING

Under the leadership of Mrs. Moore, one of the college's most ardent skating fans, this club was formed near the beginning of the term. President was Bob Johnston, with Florence Bell as secretary. Special arrangements were made for the students to skate at the Buffalo, and two excellently tended at skating parties were held throughout the term. Special classes were arranged in figure and speed skating. This was another club which deserved more support from the students. It had much to offer and, if revived next term, and if blessed with ice that stays solid a little more consistently, should merit the support of all those interested in skimming across the ice.

PING PONG

With Stan Donily, Ray LePage, Pat Blake and a number of other students keenly interested in ping pong, it was inevitable that this sport should have its own tournament. This was held throughout the winter months, with the final game in the tournament being held during the assembly hour in the college auditorium. Bill Harrison and Stan Donily played a close game, with Harrison the eventual winner.

TUMBLING

Last year the college had a highly popular tumbling club, but this term, while it was begun with enthusiasm, it seemed to fizzle out within a few months. Kerby Garden was president and instructor and Lil Andrew was secretary. Both deserve credit for their efforts toward keeping the club going.

BASKETBALL

This year the college basketball team, with Mr. Free as coach, entered the city's senior league. Up against such tremendous competition, we managed to take only two games, but in all others the M.R.C. players fought ably and well. Captain of the team was George Villett. Players were Jim Barber, Don Black, Don Webber, Frank Roseborough, Grant Willan, Bill Sinclair and Bill Tynan. In the individual scoring, George Villett stood second and Jim Barber fourth among all league players, capable

coaching and enthusiastic support were rendered at all times by Mr. Free.

GIRLS' BASKETBALL

With basketballs being on the unobtainable list, the girls were unable to secure a ball until the boys' league was concluded. We then had the use of the boys' ball and later one generously supplied by Lois Moore. Informal games were played on Thursday afternoons and displayed enough talent, most notably on the part of Jean Edgar, Maxine Hamilton and Lois Moore, to convince one that a rip-roaring team could be developed at Mount Royal College. Tops on the sports "musts" for next term should be a girls' basketball team.

SPRING SPORTS

For a few weeks after Easter attendance at afternoon classes dropped tremendously as shapely lassies and laddies from Mount Royal disported themselves at the Crystal Pool. By the time the Municipal Pool, just across the street from us, had opened, exams were too near to cause another general exodus. On May 31 a well attended splash party, sponsored by the commercial class, was held.

Both boys' and girls' softball practices are being held for the approaching field day. As this is written, it has been announced that the field day will be held this year on June 4th. The boys have played only one game thus far. The victims: The Y.M.C.A. The score: 13-3 for Mount Royal.

CONCLUSION

Next year we are hoping that the Mewata Park grounds will again be available to Mount Royal College. With the erection of the Kerby Memorial Building, which will include a new gymnasium, this should provide us with the space and facilities which we so badly need.

Special mention must be made of the staff members who so generously gave of their time in promoting M.R.C. sports this year. These include Mr. Kelly and Mr. Salt, hockey; Mrs. Moore, skating; Mr. Free, basketball; and Mr. Mines, bowling and badminton.

THE PARTS OF SPEECH

Noun—What you call your girl. There are proper nouns and common nouns.
A pronoun is what you introduce her to other folks by. The common noun is "dear".

Verb—What freshmen and vers librists try to write sentences without.

Adjectives—A word of richness and vigor which must not be used in polite society.

Conjunction—What you stall around with when you don't know what to say.

Preposition—A favorite word for ending a sentence with. Very poor grammar.
Use a period instead.

Adverb—What you use to spit an infinitive with.

Article—Word of indefinite value, depending on whether you are writing a telegram or a thousand word theme.

She was on her way home from a first aid course when she saw a man lying in the middle of the sidewalk. His face was cradled in one arm and the other arm was twisted under him in a peculiar position. Without a moment's hesitation she got down on her knees and went to work.

"Lady," said the victim after a few moments, "I don't know what you're doing, but I wish you'd quit tickling me. I'm trying to hold a lantern for this fellow down in the manhole."
